OPEN YOUR EYES : OPEN YOUR MIND

Guerilla Grill

Have you ever thought about grilling your own burger in a Burger King Restaurant? Have you seen a young guy called Jamie Oliver preparing food for his yuppie friends in his downtown London apartment, or witnessed Mr. Floyd traveling the world with a bare wok?

If you think you've seen it all, then you haven't seen Guerilla Grill; a cooking show with a difference! Watch an intrepid band of chefs take everyone by surprise as they set about trying to prepare various dishes in obscure locations, not generally suitable for cooking.
