Love is in the Air

Five 'just married' couples are only one step away from their dream honeymoon trip to an exotic destination. Love is in the Air combines that rare mix of romance, excitement, emotion and pure entertainment as each couple competes to win their ultimate honeymoon vacation.

All five couples board the plane to their dream destination, but only one will get the chance to enjoy their honeymoon. The others will soon find out what sticking together in "good and bad times" really means.
